

## 2002 Newsletter #1

Inside this newsletter, you'll find our course descriptions and calendar for the first half of 2002. Most of these courses will be held at our new facility, the A-Zone Range. The A-Zone Range is located on 88 acres of land near Giddings, TX, and is about 50 miles northeast of Austin and 50 miles southwest of Bryan/College Station. In addition to the two 25-yard shooting bays, it has an air-conditioned/heated range house with two classrooms, kitchen, and bathroom. This property gives KR Training a permanent home and provides us with room for future expansion. For now, the range will remain private and use will be limited to KR Training courses and special events. More information about the range (including a map and photos) can be found on our website.

We'd like to invite you all to the official Grand Opening party on Saturday, February 02, 2002 (02.02.02), from 10 a.m. – 3 p.m. We'll have a special ribbon-cutting ceremony at 11 a.m., with special guests and plenty of time for socializing. We'll also have the bays set up with targets for pistol plinking from 1 – 3 pm. If you plan to attend, please RSVP by email, phone, or US mail, if possible, so we can get a rough idea of how many visitors to expect.

The first half of 2002 brings a full schedule of classes at the A-Zone and other facilities. In addition to CHL and numerous basic courses, we have scheduled another **Advanced Training Weekend** in February. InSights instructors return for **Street & Vehicle Tactics**, along with a special **Monday Two-person Team Tactics** course (open only to S&VT graduates). We are also bringing Jim Crews, Gunsite provost and AR15 expert, to the A-Zone in May for a 3-1/2-day **Carbine Course** that includes 3 days of training and a night shoot. In June, we'll offer a double-header of **NRA Instructor Training** courses, including Rifle and Shotgun Instructor. On Father's Day, we'll hold a special **Family Firearms Training** session open to parents and kids that will include basic gun safety training, pistol and .22-rifle shooting.

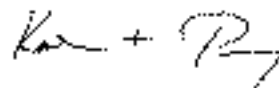

Adjunct instructor Tom Schaefer will continue to offer monthly **Concealed Handgun License** courses at the Schaefer Training Academy, south of Austin-Bergstrom Airport. For those who can't make Tom's regularly-scheduled classes, we've added more options with two new adjunct CHL instructors. Ted Bonnet (Professional Handgun Training) is an IPSC Grand Master and IDPA Master who is available for private CHL training, and Miley Akers (Akers Firearms Training Academy) is an NRA Expert Bullseye competitor who offers 2-day CHL classes at the Austin Skeet & Rifle Range. Both Ted and Miley are Texas CHL instructors and graduates of the KR Training NRA instructor training program. We will also offer CHL renewal courses quarterly at the A-Zone range, and will schedule additional CHL new permit classes in the future.

The website now has detailed course descriptions for everything in our course catalog. We can also mail information about specific classes to you. Just call 512-377-5144 and leave a message with the class and your name and address and we'll send it to you. Over the last year we've made many changes to the website to provide more information, make it easier to enroll online, and make the information easier to find.

In addition to all this teaching, we're planning to shoot a number of major matches, including the Paper and Steel weekend in Phoenix, the Shirley Skinner Charity Match, Space City Challenge, Area 4 championship, and a few club matches here and there.

New KR Training shirts and hats will be available soon. Check the website updates for details. The new shirts commemorate the grand opening date (02.02.02) of the A-Zone Range. Shirts and hats will be available for purchase at the grand opening, as well as at all the A-Zone classes during the spring while supplies last.

As always, we look forward to training with you. If you have questions, feel free to contact us at the address, phone number and email addresses in the newsletter. See you in class!

## **2002 CLASS SCHEDULE**
